Dear Recruiter,

I am ECE(ELECTRONIC AND COMMUNICATION ENGINEERING) student aspiring to become a software engineer. I adapt to the environments well, and I am resilient to the work pressure upto a good extent. Good coding skills and a team player along with excellent competitive programming skills in C++, good understanding of Computer Science Fundamentals and MERN stack.

I strive to maintain accuracy and consistency in task completion, individual performance and team goal achievement, using acute attention to detail. Additionally, I offer problem-solving, teamwork and scheduling flexibility.

Please review my attached resume which provides additional details of my education . I believe my leadership and problem solving abilities will provide an invaluable asset to your team.

Thank you for your time and consideration.

Sincerely,

Nagaraj Gaddi
